Dear Current and Prospective Public Health Majors:

**PLEASE, PLEASE, PLEASE READ THIS ENTIRE EMAIL!!!**

We realize that this is a long email, but it is extremely important. It contains instructions that are critical to registering for Winter 2019 FMPH classes.

As you may know, Winter 2019 registration is just around the corner. Due to high demand for our courses, **we have reserved a number of seats in our Winter 2019 classes** to help ensure that students graduate on time. This means that **if you want to take one or more FMPH courses in Winter 2019, you will need to follow the instructions listed below.**

*It is VERY IMPORTANT that you check your VAC and UCSD email regularly. The department will be sending out time-sensitive updates. If you miss these updates, you may end up not getting seats in classes you need.*

**INSTRUCTIONS**
The winter schedule of classes will post on Friday, November 2nd, 2018. Please check out our [Advising Calendar](#) for up-to-date advising availability. We update this calendar daily so it is important to check the calendar often. If you are unable to come in during walk-in advising hours, please send any questions you have through the VAC.

**NOTE REGARDING USP 143:**
Our department has no control over registration for USP 143. If you plan to graduate in 2019 and have not yet taken USP 143, you MUST register for USP 143 during your first registration. If you have any problems enrolling in first registration, please contact the USP Department ASAP through the VAC. The USP Department does not respond to requests via phone or email.

**NOTE REGARDING ALL FMPH COURSES:**
If you are interested in enrolling in a FMPH course that is full during your first registration, you should waitlist at the very beginning of second registration. The waitlist will be prioritized and an internal waitlist will be kept by the department. All remaining seats will be filled using the internal waitlist, so please make sure to waitlist at the very beginning of second registration and wait for our VAC message before switching your schedule. We will message all waitlisted students in the VAC to let them know if we have seats for them or if we have placed them on our internal waitlist for the course within 2 weeks after second registration has started. All students who were authorized to enroll in a FMPH course MUST enroll in first registration for priority enrollment.

FMPH COURSE DETAILS & INFORMATION

FMPH 40
FMPH 40 is a second year course. The instructor is allowing first year students to enroll who have completed at least 30 units prior to first registration. The department will be manually clearing all Public Health majors and students who have filled out the Public Health Major Contact Form to enroll in FMPH 40 during first registration. All eligible students have received an email confirming that they have been cleared to enroll in the course. If you have not received an email and believe you should have been cleared to enroll in FMPH 40 for Winter 2019, please message Public Health Advising in the VAC prior to your first registration time.

FMPH 101 & FMPH 102
If you would like to take one of these classes in Winter 2019, please waitlist them at the beginning of your second registration. After everyone has had a chance to waitlist these classes, we will message all these students in the VAC to let them know whether they have a) received a spot in the course, or b) been placed on our internal waitlist for the course.

FMPH 110
The department will be releasing 90 seats between both sections of FMPH 110 for first registration. If all seats are filled during first registration, students interested in enrolling in FMPH 110 should waitlist at the very beginning of second registration.
